| Coordinate, guide, supervise, and monitor the mobilisation of external resources for the Fund | ▪ Ensure the Fund can achieve its objective of becoming the leading enabler of Rwanda’s green vision, expand not only the volume of external funding available for green projects, but also the diversity of financing to best match initiatives across sectors and themes.  
▪ Support recapitalization of the basket Fund.  
▪ Provide analytical and operational support in identifying, engaging, and securing support from contributors and prospective contributors in governments, public sector, foundations, private sector, and other sources of finance.  
▪ Coordinate the external resource mobilisation activities for the Fund, including i) funding for the basket fund, and ii) funding for strategic programme opportunities.  
▪ Develop and manage a continuous pipeline of external resource mobilisation opportunities, that deliver future funding for i) and ii) above.  
▪ Track progress, monitor and report on external resource mobilisation activities, with regular status updates to the CEO and Board.  
▪ Contribute to activities for the development of new financial instruments (e.g. bonds, loans, guarantees, etc.).  
▪ Contribute to relationship building meetings with potential funders, particularly donors.  
▪ Oversee the development of promotional material for external resource mobilization activities. |
| Oversee the preparation of effective project funding concepts and proposals to mobilize finance from different sources | ▪ Supervise the development of a continuous pipeline of concept notes and proposals for i) funding for the basket fund, and ii) funding for strategic programme opportunities.  
▪ Develop and apply skills to innovatively navigate the landscape to guide The Fund’s effective resource mobilization.  
▪ Reinforce existing initiatives and identify and build new diversified partnerships ensuring reliability and consistency that lead to deal closure.  
▪ Help develop new domestic revenue streams for resilience from central budgets or funds as appropriate.  
▪ Assist in the preparation of relevant policy documents, reports, briefing notes, presentations and operational guidelines.  
▪ Support administrative processes and procedures required to realize and manage contributions.  
▪ Support outreach activities to wide variety of relevant stakeholders and networks to broaden and strengthen the contributor base of the Fund.  
▪ Ensure deadlines are met and the quality of outputs are high. |
